

Putting Profits before Patient Safety – So Wrong, So Dangerous

At C4MH WE HAVE NEVER AND WILL NEVER COMPROMISE PATIENT SAFETY BY USING CUT-RATE TESTOSTERONE.

CUT-RATE TESTOSTERONE is also known as COMPOUNDED TESTOSTERONE.

C4MH HAS NEVER EVER USED CUT-RATE TESTOSTERONE But most Florida T Clinics do and don't disclose it ...there's a reason why they don't tell you.

THESE ARE FDA WARNING LETTERS TO THE COMPOUND MANUFACTURING FACILITIES, THEY SHOULD SCARE ANYONE USING CUT RATE MEDICATIONS - (NON-STERILE, 10X LESS POTENT, ETC,)

The United States Food and Drug Administration's (FDA) position on compounded drugs:

“Drugs made by compounders, including those made at human drug compounding outsourcing facilities, are NOT FDA-approved. This means that they have not undergone the same premarket review as approved drugs. They lack an FDA review of safety and efficacy and of manufacturing quality.” <http://www.fda.gov/Drugs/GuidanceComplianceRegulatoryInformation/PharmacyCompounding/ucm389118.htm#12>

- COMPOUNDED TESTOSTERONE IS MADE IN COMPOUNDING OUTSOURCING FACILITIES – many are supplying NON-FDA approved concoctions of multiple meds mixed in with the Testosterone.
- ACROSS THE BOARD INSPECTION FAILURES - 97% OF THE LICENSED 503B COMPOUNDING PHARMACIES (outsourcing facilities) HAVE HAD SOME LEVEL OF FDA REGULATORY ACTIONS TAKEN FOLLOWING AN INSPECTION WITH 1% NOT YET INSPECTED. The vast majority are “bulk” drug sterile compounders. <http://www.fda.gov/Drugs/GuidanceComplianceRegulatoryInformation/PharmacyCompounding/ucm378645.htm>
- THESE “PHARMACY LABS” MUST **OUTSOURCE** THE BULK TESTOSTERONE BASE THEY USE AS THESE LABS HAVE NO ABILITY TO PRODUCE THEIR OWN T.
- THE TESTOSTERONE BASE IN COMPOUNDED TESTOSTERONE IS IN MANY CASES PRODUCE OFFSHORE **MOSTLY IN CHINA OR INDIA** BUT NO REQUIREMENTS EXIST FOR PATIENT DISCLOSURE. The production of Testosterone is an extremely complex scientific process requiring specialized equipment for the synthesizing process – There is no such thing as natural Testosterone.
- COMPOUNDED TESTOSTERONE HAS NO PEDIGREE PAPERS (FLORIDA LAW) THUS NO WAY OF TRACKING WHERE IT CAME FROM AND WHO HANDLED IT.
- COMPOUNDED TESTOSTERONE IS FAR CHEAPER AND DESIGNED FOR MAXIMIZING PROFITS. IT’S CHEAPER BECAUSE CUTE-RATE PRODUCERS HAVE LITTLE TO NO QUALITY CONTROL COMPARED TO FDA APPROVED PHARMACEUTICAL TESTOSTERONE.
